You can delete the file.

The CV data that you uploaded will be available to companies that you applied to attend their online career seminar.

3. Scouting from Companies

3.1. Making it Easier for You to be Scouted

1. Companies consider whether to scout candidates for their career seminars based on the information below registered in **CV Registration**. Registering the below information will help you get scouted.

Item name	Item name
Native language	Japanese level
Type of university	English level
Major/field of research	Office software
Current affiliation (studying, etc.)	Other software
Graduation year, period	Programming languages
Job title	

Only the above information will be available to companies before you apply to online career seminars.

3.1. Responding to a Scout Email

2. You will receive an email if a company scouts you to attend their online career seminar. Check the company information and application guidelines, and if you are interested, apply* for the online career seminar.

*See "[4.3. Applying for Career Seminars](#)"

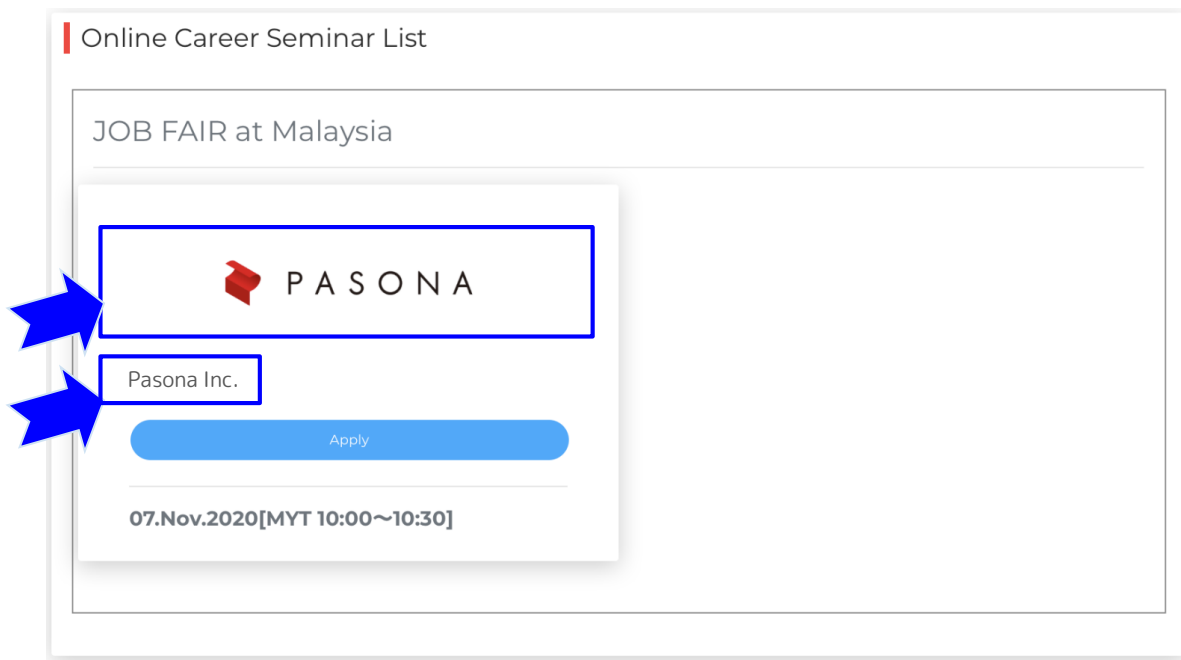

Applying to a career seminar will make all data in the CV that you registered available to the company. The more attractive the registered content is, the more likely the recruitment manager will scout you.

4. Checking the Recruitment Information of Participating Companies

4.1. Viewing the Company Overview

1. Click the company logo or company name link displayed in the **Online Career Seminar List** on the **My Page homepage** to display the **company information screen**.
