What is JAPAN JOB FAIR?

We are recruiting Japanese companies interested in hiring overseas university students. The purpose of JAPAN JOB FAIR is to be the promotion of the utilization of highly skilled foreign professionals by recruiting these talents as a part of workforce for Japanese companies' innovation, new products and service development, and business expansion overseas.

Advantages of the event

- ① Cost reduction
- ② Efficient recruitment scheme by online application management system
- ③ Attract participants in terms of Job Fair organized by Japanese government.
